

SUN BEAMS

By WALTER M. BARRETT

In their decision to investigate and if possible correct the present system of garbage and trash removal from streets and alleys in Truckee the local Lions Club has, in our opinion, undertaken the most important job it has ever volunteered to assume. While the need daily asserted itself it remained for some organization to start the ball rolling, and now that it has started we feel confident the able committee will carry on to the final decision. If, through some unforeseen chance, that end shows we are helpless to rid the town of the nuisance, we can only adjust ourselves to the condition, but on the other hand if a feasible way is pointed out, we should all be willing to get behind the project and put it across. There is a way it can be done and we have hopes this way will be found by the Lions' committee.

Once again the Truckee boys went forth last Saturday to compete with ski teams from other localities and while they put forth their best efforts, they were defeated. These boys are making an earnest effort to bring glory to Truckee, but without the deserved support from their own school or the citizens of the town they are greatly handicapped and we want to go on record urging that this support be extended. A pat on the back or a cheery word not to mention possible financial backing to provide trainers and equipment, we believe would go a long way toward victory.

There are a few places along the main street which merchants have cleared of snow to permit parking of a limited number of cars for a limited time. These spots are ideal for delivery trucks, the garbage truck and would even accommodate a few out of town shoppers, but to use them for winter storage is not the sporting thing to do, in our estimation.

From one end of his division to the other, Arthur D. Chloupek was known and respected and his countless friends mourn his untimely loss and extend sympathy to the bereaved members of his family.

Believe it or not, Spring will be upon us next Monday. It is the time of the year we should be looking over seed catalogs, planning picnics and polishing up the old car for a pleasant spin. Oh well, we still have until Monday, before it's officialy due.

The local P. T. A. last week replaced a good leader with another good leader by electing Mrs. E. R. Everett to succeed Mrs. S. E. Gordon. During her administration, Mrs. Gordon set a speedy pace, but we have confidence that the new president will also leave her office with a fine list of accomplishments.

A large delegation of Truckeites are expected to attend the meeting of the Grass Valley Rifle, Rod and Gun Club next Tuesday evening, at which state lawmakers and an executive of the fish and game commission will be present to hear why Truckee and the surrounding area is vitally in need of a full-time game warden. It is certainly hoped that a local group can show this need and that steps can be taken to provide the warden.

ST SKIERS WILL JUMP THIS WEEK AT CISCO SESSION

A great array of fine skiers will assemble at Cisco Saturday and Sunday for the meet sponsored by the Auburn Ski Club.

One of the outstanding attractions of the program will be featured on Sunday when Sig Ulland, national amateur champion and member of the Lake Tahoe Ski Club will meet his old rival Roy Mikkelsen, state jumping champion.

New York will be represented by Harold Sorenson, the champion of his state while Alf Engen may come down from Idaho to compete with his brother Everre Engen of the Lake Arrowhead club.

Several other notables including Harry Tregillis and John Elvrum of Los Angeles and Birger Torrisen, Orrin Ellingson and Rolf Wigaard are scheduled to compete.

To Gordon—
Captain Scott of the local bank staff will leave Truckee temporarily for Sacramento where he will undergo a minor operation. His friends wish him a speedy recovery.

PLACER WINS IN C. I. F. MEET AT CISCO SATURDAY

Tahoe Unable to Put Team In Field to Defend Its Title

TRUCKEE BOYS IN MEET

Palo Alto Brothers Score In Open Competition At Cisco

CISCO, Mar. 17.—Placer Union high school of Auburn won the Northern Section C. I. F. ski title here Saturday and Palo Alto high school captured the open interscholastic ski competition held on the same afternoon.

Each school was awarded a silver loving cup for capturing first place in total team scores. Placer and Portola were tied for second place in the open competition, while Portola, El Dorado county high school and the Meadow Lake Union high school of Truckee trailed Placer Union in the C. I. F. competition.

Johnson of Portola won the cross country title in the open interscholastic meet, but the northern section ski experts were outclassed by B. Blatt and J. Blatt of Palo Alto in the downmountain and slalom events. B. Blatt won both events over his younger brother. In each event the Blatt brothers finished ahead of the rest of the field by a wide margin. B. Blatt also took third place in the cross country race. The two youths made a total of 18 points scored by Palo Alto.

Bob Riley of Placer Union was high point man for the C. I. F. competition, although he failed to win first place. He took second in the cross country and slalom events and scored third in the down mountain race.

Twelve schools were entered in the open competition and then in the C. I. F. events.

Tahoe branch of the Placer Union, the defending champion, was not represented at the competition Saturday due to storm conditions and Rene failed to appear for the open competition.

Following are the summaries of the C. I. F. meet:

Two-mile cross country: won by R. Johnson, Portola; second—Bob Riley, Placer; third—E. Espinal, Portola; fourth—A. Martin, El Dorado; Time—15 minutes, 24 seconds.

440 yard slalom—Won by Albert Martin, Jr., El Dorado; second—Bob Riley, Placer; third—Robert Bowers, Truckee; fourth—Chester Vanderbilt, Placer. Time 56.8 seconds.

The open competition summary:
440 yard slalom: Won by B. Blatt, Palo Alto; second—J. Blatt, Palo Alto; third—A. Martin, El Dorado; fourth—Bob Riley, Placer. Time—14 minutes, 16 seconds.

Two mile cross country: Won by R. Johnson, Portola; second—Bob Riley, Placer; third—B. Blatt, Palo Alto. Time—21 minutes, 27 seconds.

Aside from Bowers Truckee boys entered in the C. I. F. meet were Wallace Watkins, George Zorich, John Sabini and Frank Titus.

SUCCESS REPORTED FOR P. T. A. DANCE HERE LAST WEEK

The St. Patrick's carnival dance which was sponsored by the Truckee P. T. A. last Saturday night to finance a life membership was reported by the committee to be a financial success.

A life membership entitles students wishing for higher education to borrow sufficient funds to complete a four-year course without paying interest and being permitted to make repayment by installments after a position is secured.

The reported success of the dance insured purchase of this membership and the committee in charge, Mrs. Nina S. Smith and Mrs. Helen Bowers, expressed their thanks to everyone for their cooperation.

Fire Chief Asks Cooperation Of Citizens At Fire

Three New Members Added To Roster At Dinner Meeting

Problems of the department and the best way to treat them featured the meeting of the Truckee Volunteer Fire Department following an Italian dinner at Johnny Moro's on Tuesday evening.

One of the major problems, Chief N. F. Dolley pointed out to the others, is the over-zealous desire of non-members to lend aid at fires.

"We realize," Chief Dolley said, "that a great deal of the fine reputation gained by this department is due to the assistance we receive in time of need from non-members, but this desire to be of assistance in getting almost uncontrollable. If those men wishing to aid will only report to the officer in charge and assume assigned tasks, all will be well and their work, which we certainly need and appreciate will be far more valuable than to attempt to help and get the program all confused."

"We cannot get along with out this outside aid, but we could certainly put it to a lot better purpose if the volunteers would make it a point to ask for an assignment."

Plans were formulated at the meeting for a benefit performance to be given to provide money for the purchase of helmets for the firemen. Another meeting to discuss details will be held Tuesday night.

Three new members, Addison Nelson, James Garibaldi and Lyle Smith, were voted in as active firemen and Roy Waters and Harold Langille were taken in as social members.

Mrs. Everett Will Head P. T. A. Here For Coming Year

New Officers Will Be Seated At First Meeting In April

Mrs. E. R. Everett, wife of the pastor of the Truckee Community Church, was elected president of the Truckee Union, Parent Teachers association for the new year at a meeting held Friday evening in the local grammar school auditorium.

Mrs. Everett will succeed Mrs. S. E. Gordon, who has successfully headed the union during the past year.

Other new officers who will be installed at the next regular meeting of the organization to be held on April 1 are:

Mrs. Lyle Smith, vice president; Mrs. E. J. Harris, secretary; Mrs. C. J. Bowers, treasurer; Mrs. E. Harley, historian and Mrs. S. E. Gordon, parliamentarian.

The meeting of March 11 was devoted to a program on Safety. Moving pictures were shown by G. E. Hofmann with a projector belonging to the high school student body.

WYETHIA CLUB TO HAVE PUBLIC CARD PARTY AT HOTEL

The lobby of the Riverside Hotel tonight will be the scene of a public card party, observing St. Patrick's Day, and sponsored by the ladies of the Wyethia Women's Club. Gifts for scores will be given and refreshments will be served. Funds derived from the affair will go toward the building fund.

TEN COLLEGES EXPECTED TO ENTER TEAMS IN BIG BOXING MEET IN CAPITAL

SACRAMENTO, Mar. 17.—(UP)—Ten western colleges are expected to enter teams in the annual Pacific Coast Intercollegiate boxing championships, slated for March 24 and 25 in Sacramento Memorial auditorium. I. F. (Crip) Toomey, veteran Cal Aggies coach and chairman of the tourney, reported that advance indications point toward the most successful program of bouts in the history of the annual show.

LIONS START DRIVE TO PROVIDE LOCAL CIVIC CLEAN-UP

Committee Selected To Work Out New Program For Truckee

FIREMEN COOPERATING

Need For Improvement Here Stressed In Meet Of Club

Recognizing the urgent necessity for a more comprehensive program of garbage and trash removal here, the Truckee Lions Club last night voted to adopt as a civic betterment project the task of bringing about a more sanitary and slightly condition.

Heading the committee named by President C. Edmunds to investigate all phases of the problem is E. L. Loynd, assisted by William Englehart Jr., and F. W. Gaienne. This committee will report its findings to the club following a conference with the members of the sanitary board and others controlling the situation.

It was pointed out by speakers that conditions warrant immediate action, the problem offering one of the most serious issues affecting the welfare of the town at this time.

Fire Chief N. F. Dolley pledged his support and the cooperation of the department inasmuch as the situation furnishes a serious fire menace as well as being unsightly and unsanitary.

No criticism was reflected upon anyone in the discussion, it being generally conceded that under the present setup everything possible to do was being done, but it was for the purpose of changing the system that the Lions have interested themselves.

LEGIONNAIRES ARE INVITED TO FEED BY ROSEVILLE POST

Truckee Legionnaires have been invited to be guests of the Allyn W. Butler Post of the American Legion of Roseville at the annual stag party of that post.

The affair, which gives promise of being well worthwhile, will be held in the Memorial Building at 8 p. m., March 22, according to E. L. McBeth, the adjutant.

HOBERT M'LLS PARTY HONORS COUPLE ON WEDDING DATE

A delightful surprise party was tendered Mr. and Mrs. Lloyd L. Taylor in the club rooms at Hobart Mills on Sunday afternoon, honoring them on the occasion of their wedding anniversary.

Mr. and Mrs. Taylor were married in Kansas City, Missouri, March 12, 1934.

The couple were completely taken unaware, but responded quickly to the festivities midst best wishes and congratulations. At 3:30 o'clock all were seated at the sumptuous dinner served in courses. The menu consisted of fruit cocktail, soup, fried chicken, potatoes, creamed peas and carrots, celery hot rolls, jelly, cake nuts coffee and tea. A vase of roses graced the center of the table lending charm to the occasion and a lovely decorated cake bearing four green candles in green holders was the center of attraction. Radio music added pleasure for the party and following dinner games were played.

Those attending were Messrs and Mesdames J. B. Clark, H. E. Canady, E. C. Murray, Alfred Piller, L. L. Taylor; Mrs. Hannah Stewart, Miss Barbara Piller, Robert Canady, Joe Lembeve and Louis Robustelli.

Gates Goes to Deleker—

Jack Gates of Sacramento who was employed at a furniture store there, has gone to Deleker where he will be employed in the yard for the Feather River Lumber company. His father, Roy Gates, in manager of the store there. They are former residents of Hobart Mills.

Sergeant McKeen Is Injured In Auto Mishap On Road

Condition Reported Better At Hospital In Grass Valley

Word from Grass Valley yesterday was to the effect that Sergeant C. E. McKeen, 32, of the state highway patrol, as recovering rapidly from severe head injuries suffered in an automobile accident near the Donner Summit Monday morning about 11:30 o'clock.

Sergeant McKeen, according to the most reliable source, was in pursuit of a speeding motorist and was meeting a truck when the wheels of his car encountered an icy strip of road and the machine crashed into the side of the truck.

The officer was thrown through the door of his car, his head striking the pavement and the heavy door ripped off by the impact of his body, on top him. It was some time before he regained consciousness and was taken to the hospital in Grass Valley for observation. Dr. J. H. Bernard rendered first aid.

Truckee Chamber Of Commerce To Elect Officers

White Slated To Succeed Self As President Of Local Civic Group

Officers for the coming year will be elected at the meeting of the Truckee Chamber of Commerce to be held at the Truckee Coffee Shop on Monday, March 21.

So far as could be determined the present president, C. B. White is slated for reelection and Mrs. Lotta Bryant is the only candidate for the position of secretary, the office she now holds.

The meeting this week was devoted to a general discussion on ways and means for having the streets and alleys kept cleaner. No immediate action was taken, although those attending agreed that the condition is one demanding the attention of the chamber of commerce.

JOHNNY CIARDELLA FETED AT SURPRISE BIRTHDAY DINNER

Humbert (Johnny) Ciardella was honored at a surprise dinner party given by Mrs. Ciardella at the home of the couple on Wednesday evening.

The occasion was the birthday of Ciardella who was greeted by the following guests: Mr. and Mrs. James Thomas, Mr. and Mrs. James Garibaldi, Mr. and Mrs. Laurence McKelvey, Mr. and Mrs. Al Fontana, Mrs. Lyla Parr, Miss Marjorie Parr, Henry Loehr, Cecil Selbourn, Jimmy Thomas and Humbert Ciardella, Jr.

Turkey was the piece de resistance of the delicious dinner, the table being appropriately appointed in the colors of green and cream. Bridge and other games were enjoyed until a late hour. The incentive for the affair received a number of presents to commemorate the event.

NEW STORM PUTS 13 INCHES OF NEW SNOW ON SUMMIT

With mid-winter fury, a new storm came out of the west Wednesday and added 13 inches of new snow on the Donner Summit and the fall extended as far down as Baxter's.

Truck and heavier traffic was stopped for a short time and chains were required on all machines going over the summit.

In Truckee almost a foot of new snow was recorded in the storm which fell at the rate of an inch every hour. While barometers were rising slowly today, skies were overcast and continued stormy weather was predicted.

ARTHUR CHLOUPEK EXPIRES ON DUTY AT CRYSTAL LAKE

Funeral Services Held Tues. For Veteran Railroad Conductor

WAS WELL KNOWN HERE

Heart Attack Blamed For Death of Former Local Man

Funeral services were held Tuesday afternoon at 2 o'clock in Sacramento for Arthur D. Chloupek, 59, veteran Southern Pacific passenger conductor and widely known former Truckee resident, who expired following a heart attack near Crystal Lake last Saturday morning at 3:30 o'clock.

Chloupek, a native of Oroville, Butte County, lacked just four months of having worked 40 years for the Southern Pacific on this division.

He was one of the most beloved railroaders on the line and everyone from the superintendent to the most humble section hand all had a good word for "Chlo" as he was familiarly known to his host of friends.

He is survived by his widow, Mrs. Pauline Chloupek of Sacramento and one son, Arthur D. Chloupek, Jr., an employee of the Bank of America in Sparks, Nevada. Mrs. S. A. Follett of Truckee and Mrs. V. C. Noddin of Orland are nieces.

Chloupek was a member of the Elks Lodge and the Brotherhood of Railroad Trainmen.

SPORTSMEN TO LAY PLAN FOR WARDEN BEFORE OFFICIALS

All Truckee sportsmen and others interested in the conservation and propagation of fish and game in this county have been invited to attend a "stag" dinner at Grass Valley on Tuesday, March 22, at 7 p. m. when these important subjects will be the theme of a general discussion.

The meeting is sponsored by the Grass Valley Rifle Rod and Gun Club and according to Secretary John Truscott, several notable figures including Herbert C. Davis, executive secretary of the fish and game commission of the state; Assemblyman Jesse Mayo and Senator Jerrold Seawell are scheduled to be present.

One of the principal items of the discussion will center around the need for a permanent game warden in the Truckee district.

MRS. GRAHAM DIES AT HOME OF KIN IN COLUSA COUNTY

Friends of A. B. Graham of Tahoe Vista were saddened to learn of the death of his mother, Mrs. Minnie Graham on Tuesday, March 15, at the home of her daughter, Mrs. George Edmunds of Colusa.

Mrs. Graham had visited in the lake district with her son a number of times and made many friends in the community, who were unable because of inclement weather, to attend the funeral services.

FREIGHT CARS STOP TRAFFIC ON S. P. NEAR GOLD RUN

Two box cars on a Southern Pacific freight train, which left the rails a mile west of Gold Run, turned crosswise and blocked the east and west tracks on the main line for some time. The services of the big hook were required to remove the obstruction.

Instruction School For O. E. S. Is Held Here

Mrs. Mable Keenan Auburn, deputy grand president of the Eighth District, Order of Easter Star, conducted the school of instruction for Truckee Chapter No. 116, here on Tuesday evening.

15-SECOND DEATH

At the end of the last mile in San Quentin there now stands a shining new steel chamber than one jerk of a lever fills with deadly lethal gas. Hereafter it will all be over for a condemned man in 15 seconds instead of 15 minutes exacted by the gallows.

A thoughtful public recognizes that exchanging the hangman's rope for speedy lethal gas touches only the final phase of the homicide problem—how the death penalty shall be paid. The murder problem remains. Some idea of its staggering extent may be gleaned from the startling fact that over a ten-year period California murders averaged more than 350 a year, and of that number only 15 convicted slayers paid the supreme forfeit.

The homicide records indicate the need—perhaps not for more death penalties—but for administration of the law with at least some degree of consistency. The deterrent value of any law is lost when criminals boast that it's easy to beat the rap.

The lethal chamber, with its 15-second death may be an improvement over the gallows. But thoughtful citizens, interested in staying the hand of the killer, will recognize that the fundamental problem still awaits solution.

OUR CLEANUP CAMPAIGN

Our cleanup campaign reminds us a great deal of Mark Twain's comment concerning the weather when he said everyone talks about it but nobody does anything about it.

Considerable discussion relative to the distasteful subject occupied some time at the meeting of the chamber of commerce this week and the topic ended with a wise suggestion that "something should be done about it."

That remark is filled with wisdom. There is no doubt about it—something should be done—but what will be done? Soon the snow will be gone (we hope) and then we will be greeted with a rare sight indeed. A winter's accumulation of trash, garbage and debris of all kinds will not melt or evaporate with the snow and unless something is done to remove it and keep it removed our summer visitors are going to gain a sorry impression of our town—an impression which may easily be made pleasant.

We go on record favoring the chamber of commerce discussing the problem, but harbor a hope that it will not end in discussions, but action of a permanent nature.

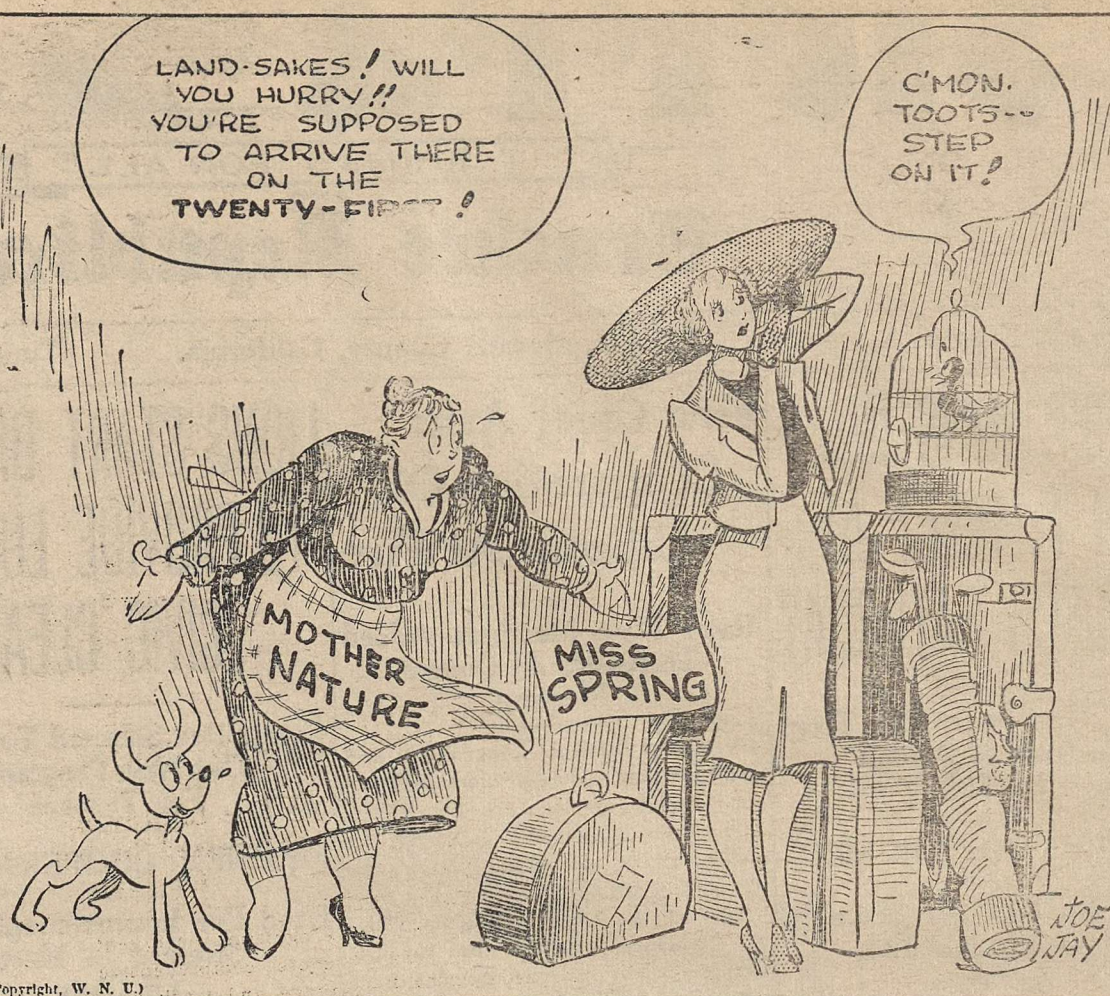

BATTER UP

A learned savant the other day spoke reprovingly of the average American citizen's inclination to skip lightly over the disturbing front-page headlines of his newspaper and turn to the sports section, where he enjoys the vidarious thrill of ash meeting horsehide as bats and balls are brought from winter storage and the spring training camps of our country's baseball teams open for business.

The man of learning professed the opinion that the citizen ought to pay more attention to the clang of sword, the receding flood waters baring wasted land, and the fume and fulmination of statesmen, good and bad. We beg to differ—at least a little.

The American is interested, and vitally so, in affairs national and international. But he has sufficient mental equilibrium to pay no more attention to Adolph Hitler's nightmares of conquest than to Joe DiMaggio's dream of 50 home runs and we say it's a good thing. His mind and emotions are healthy and as long as they remain that way, he won't get himself and his country into trouble.

We're Waiting, Please!

This Week At The State Capitol

By JOHN ABBOTT
United Press Staff Correspondent

SACRAMENTO, Mar. 17.—(UP)—From the welter of confusion as the special legislative session moved toward conclusion the state senate passed and sent to the governor a series of bills designed to permit California's participation in the Federal low cost housing program.

It remained for Thomas J. Mooney, storm center of America's most bitter labor battle, to steal the show.

The famous prisoner, convicted of participation in the 1916 San Francisco Preparedness Day bombing, made a personal appeal for freedom in a speech before the assembly.

Mooney sympathizers won for him a favorable vote on a resolution to grant a legislative pardon, but the move was assured of defeat in the conservative senate.

What practical value the maneuver had was open to considerable debate.

The resolution requires a favorable vote of both houses, and both the state attorney general and the state legislative counsel have ruled the legislature is without pardoning power.

Mooney's appearance moved into the background the reasons for which the special session was called and after four days virtually nothing had been accomplished.

Captain Charles Goff of the San Francisco police department, branded by labor as the man responsible for the "frameup" which sent Mooney to San Quentin, demanded and received an opportunity to appear before the assembly and refute Mooney's charge.

CLAIMS FRAME

Tom Mooney, convicted of the Preparedness Day bombing in San Francisco in 1916, is shown above as he pleads his charge of "frame-up" before the California Legislature.

The elderly police officer challenged the legislators to "choose between Mooney and me," denying he ever framed anyone in his more than 40 years of service as a police officer.

Confused by the long list of subjects which the governor presented for their consideration, the lawmakers were not slow to make political capital of the situation.

Numerous resolutions were proposed, calling for investigations into the state unemployment reserves commission, appeals to the federal government for further flood aid and the

governor supplemented his original requests for additions to his emergency fund with an appeal for \$6,000,000 to absorb a portion of the old age pension load now borne by the counties. At weekend this gained the assembly's approval.

TAHOE REGION NEWS

By Swanee

Tahoe
Ramblings

(By SWANEE)

Mrs. Carl Beechdolt of Tahoe Inn is now convalescing after a serious illness.

Al Fanger returned Sunday to his Tahoe home after a business trip to Sacramento.

Mrs. Frank Slater and daughters Frances and Margaretta, returned on Friday for a trip to Sacramento.

A. M. Henry of the Lake Tahoe Ski Club received word from the Mt. Lassen Ski club of Friday of the satisfactory recovery of David Renner, Tahoe A jumper, who was injured two weeks ago in a ski accident. He was still in the hospital but recovering rapidly.

Saturday guests at the A. M. Anderson home were Frazer West, Blake Walsh and Jack Starratt all of the University of Nevada.

Among new books received at the Tahoe library are The Saga of the Comstock Lode, Lake of the Sky, The Citadel, Northwest Passage, Kipling Anthology, Peking Picnic, Oil for the Lamps of China, The Bounty Trilogy, Gold is Where You Find It, Theater, To Have and to Hold, Carpenter's Travel Books on Mexico and Canada, and in the juvenile section—Penrod, Kipling's Jungle Book, Pony Express Goes Through, Ezekiel, Jungle Pets and new copies of the children's classics.

Leo Minor drove Mrs. Rita Renner and her daughter, Betty, to Mt. Lassen Thursday night to see the Tahoe Club's popular ski jumper, David Renner, now convalescing in a Lassen hospital.

Mr. and Mrs. Norman R. Mayfield returned to their Tahoe home on Thursday after a winter spent in Oakland, Los Angeles and on by-trips to the Grand Canyon and other interesting points.

G. Wikander, famed skier who skis into Buck Island Lake, 14 miles from Chambers Lodge every winter, was a guest at the A. M. Henry home last Wednesday before leaving for Oakland. Wikander expected to return at Easter when he will be accompanied by Mrs. Wikander and Mr. and Mrs. L. St. Sure.

Mr. and Mrs. Silas Pierson with their daughter, Blanche, arrived at their Tahoe home last Wednesday after several months vacation trip to Oakland and southern California.

Members of the Lake Tahoe Ski Club were disappointed that Junior Henry was unable to compete at the Los Angeles tournament due to the date conflicting with his school attendance at San Luis Obispo. We are informed that Junior's jumping form is still among the topnotchers as viewed at Lake Arrowhead, etc., even though he is now far away from Tahoe's practice slopes.

Congratulations to all Tahoe's fine skiers who have been bringing home top honors again this winter and also much credit is due the faithful members of the Ski Club who willingly gave their time and services in keeping the club active.

SPECIAL NOTICE

To all Building contractors in the Lake Tahoe District, that the Carpenters Union No. 2035 of Crystal Bay have set the carpenters' scale of wages at \$9.00 per eight-hour day.

TAHOE SKIERS GET
MORE HONORS AT
WEEKEND MEETS

TAHOE CITY, Mar. 17.—Tahoe skiers continued their march for additional honor last week end when they scored high in Sun Valley, Idaho and at Mt. Shasta.

Again failing to get the better breaks of the game, Sig Ulland, the tional champion, fell to third in the A class jumping. Dick Durrance of Dartmouth College won first in the international open competition. Miss Kathleen Starratt of the Lake Tahoe club and graduate of the Sacramento Junior college, sprained her ankle Saturday and was not able to compete in the slalom on Sunday at the Idaho meet.

Roy Mikkelsen of Auburn won the first place jumping honors at the Mt. Shasta tournament sponsored by the Mt. Shasta Snowmen. He also won in the slalom after making a landing leap of 133 feet.

Walter Mandeville of Tahoe won the class B championship.

PLANS GO FORWARD
FOR NEW CIVIC
BUILDING AT LAKE

TAHOE CITY, Mar. 17.—Various members of the recently organized Tahoe Community center have been busily occupied during the past few weeks doing clerical work necessary to speed plans for the new building, under the able direction of Mrs. George R. Bliss the secretary. Mr. Bliss, meantime, has been trying to hurry the snow removal from the proposed sight. It is hoped that an early start may be made with the building. Norman R. Mayfield has returned to Tahoe and has been helpful with advice regarding the construction.

The president of the Community Center, Henry F. Droste, is expected at Tahoe early this week when it is hoped further plans will be made.

CRUSADER CONTEST
IS ANNOUNCED FOR
HIGH STUDENTS

With a vacation trip to Hawaii as a reward for the winner, the California Crusaders today announced the start of their third annual public speaking contest for the high school students of northern California on the subject, "American Citizenship—And What It Means To Me."

"This contest," declared Samuel J. Hume, director of the Crusaders, a non-partisan organization, "is designed to encourage among the youths of California a deeper appreciation of the ideals, principles and obligations of American citizenship. It has the endorsement of educators, students, veterans and thinking men and women everywhere."

Last year's contest, according to Hume, was a brilliant success. More than 10,000 students entered the competition and championships were established in 42 counties. The contest was won by Carol Channing of Lowell high school, San Francisco.

Joan Grena of Nevada City high school represented Nevada county in last year's contest. She was one of the ten speakers in the final competition, winning her right to compete by defeating the champions of nine other counties in a regional meet held at Marysville. Douglas Barrett represented Truckee in the contest, being defeated by Miss Grant.

MRS. WERHMAN OF
LAKE TAHOE DIES
IN SAN FRANCISCO

TAHOE CITY, Mar. 17.—Death on Wednesday, March 9, summoned Mrs. Emma Wehrman, aged pioneer of the Lake Tahoe region, in San Francisco.

Mrs. Wehrman was 81 years of age and had lived at Lake Tahoe for the past 60 years coming here in 1877.

Funeral services were held at Piedmont on Friday. Surviving are the following sons and daughters: Henry Wehrman of Tahoe; Leonard Wehrman of Winters; Mrs. Elaine McKeon, San Francisco and Mrs. Delphine Ewing of Sacramento.

Junior Ski Clubsters

Feted By Teacher at

Party In Tahoe City

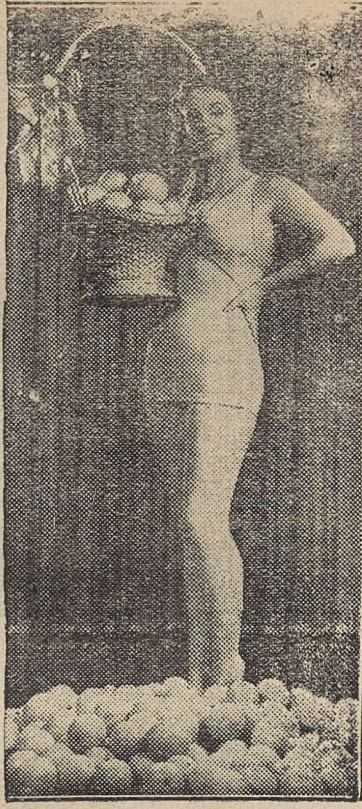

TAHOE CITY, Mar. 17.—Nine members of the recently organized Tahoe Junior Ski Club paid a surprise visit to the home of Mrs. Phillip Gallinger, elementary school teacher where their hostess entertained them with delicious refreshments on Friday afternoon.

In the group were Faith Pyle, Blanche Pierson, Rae Pyle, Shirley Pyle, Betty Renner, Richard Carnell, Howard Pyle and Stewart Pyle.

After a vote of thanks to their kind hostess, the afternoon was spent in skiing on the golf links.

Mr. and Mrs. Henry Wehrman of Tahoe Tavern were called to San Francisco on Wednesday because of the serious illness of the former's mother.

Orange Show Beauty

The beauty that will highlight the National Orange Show at San Bernardino, March 17th to 27th is being displayed by Dorothy Short. Beautiful girls and beautiful citrus fruit will combine to make beautiful exhibits.

THURMAN TO VISIT
HERE IN BEHALF
OF HIS CAMPAIGN

Allen G. (Scoop) Thurman, Colfax newspaperman, who is a candidate for the office of assemblyman from this district, sat in the seat he hopes to occupy next January, as the guest of Assemblyman Jesse Mayo, at a night session of the lower house of the state legislature which met in

Sacramento last week. Thurman was introduced to the assembly by Mayo as a candidate for the seat now occupied by himself.

The Colfax candidate has visited in six of the ten counties of the district and plans to visit the other four as soon as weather conditions improve. He advised the Sierra Sun he will visit Truckee within the next two or three weeks.

IT'S A BIG HONEY
FOR MIGHTY LITTLE MONEY!

ASK YOUR FRIENDS, ask your neighbors, what they think of this '38 Buick, and they'll give it to you quick in six little words:

"It's a honey for the money!"

That's praise all right—but praise that still doesn't do this great car full justice!

For here's a traveler that would be a buy even if you had to pay a premium to get it!

It's a car with power like no other. Power literally born of the hurricane—power that makes gasoline deliver more—

power that's smooth, willing, brilliant.

Here's a car, too, with an utterly different kind of ride. A ride that gentles every jar and jolt. A ride that's safer in nasty going, that gives sureness to control, that cuts down upkeep and makes rear tires last longer.

NEW DYNAFLASH ENGINE... puts cyclones at your service... nearly 10% more power from the same rationing of fuel.

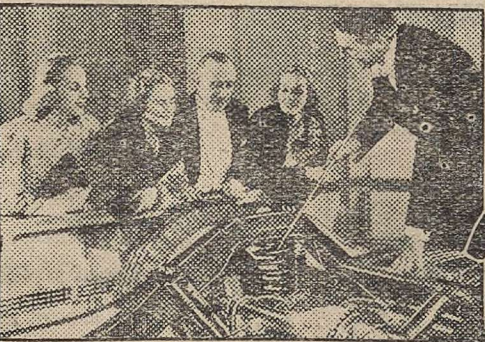

And here's a car that in addition sparkles with features as a Christmas tree sparkles with ornaments.

New quiet, from "silent zone" body mounting. New comfort, from deep, broad comfort-angled seats. New pride of possession, from style hailed as the smartest of the year.

Yet big and satisfying as this beautiful Buick is, a little money buys it! No more than you'll pay for some sixes. Less than for any other eight of its size.

So there's no longer any reason for not stepping up to the kind of car you've always wanted.

Go now and get the details from the nearest Buick dealer—see the car that folks just won't do without.

NEW TORQUE-FREE SPRINGING... gentles every jar and jolt... reduces skid-risks... makes rear tires last longer

"Better buy Buick!"

TREES BEING PLANTED IN SACRAMENTO FAIR GROUND

SACRAMENTO, Mar. 17.—(UP)—Trees are to be planted in the infield of the California state fair grounds, in line with a general beautification program, directors reported.

The trees, numbering 135, will be selected height to permit spectators to see over them. The directors also plan to plant several beds of flowers in the infield, with the blossoms scheduled to be in full bloom at fair time.

SEE IF YOUR LOCAL MERCHANT HAS IT BEFORE BUYING OUT OF TOWN.

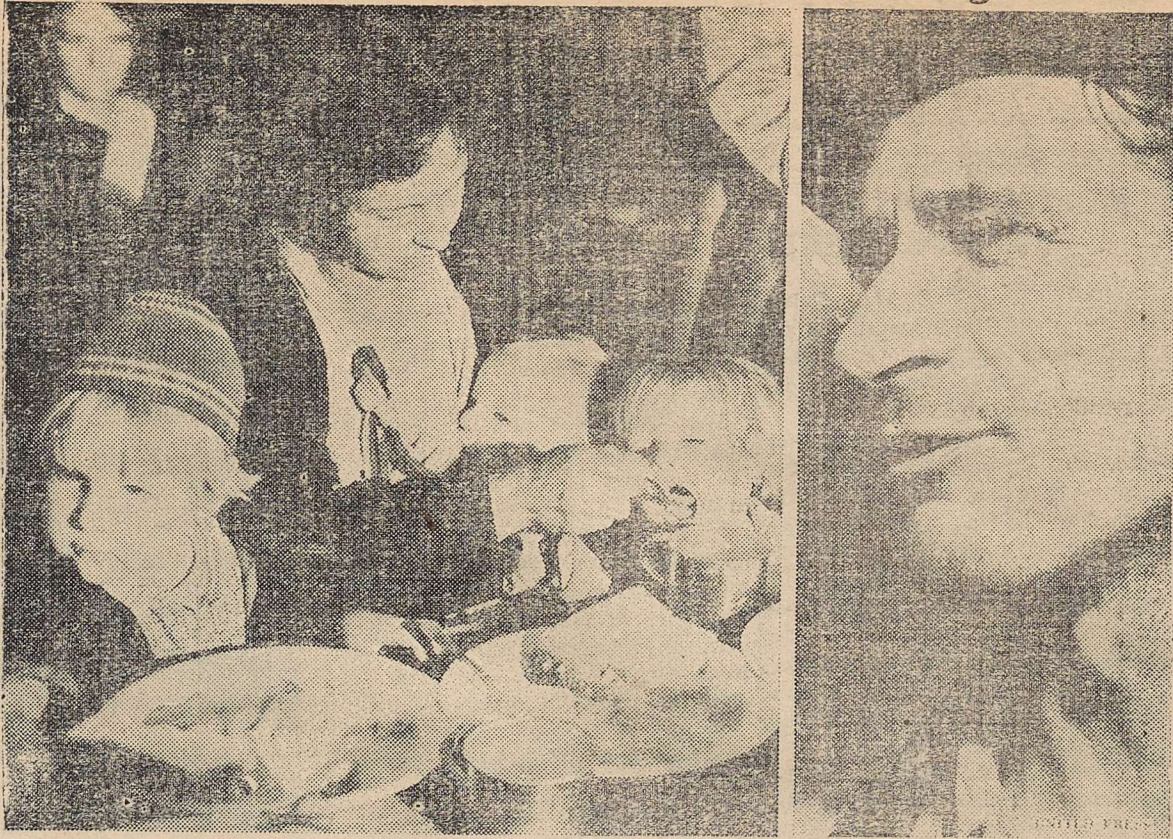

BIGGER RACING CARD FOR STATE FAIR IS BEING PLANNED

SACRAMENTO, Mar. 17.—(UP)—A revamped program for the week-long horse racing meet at this fall's California state fair was announced by Secretary Manager Robert Muckler, who predicted the 1938 session would rank among the major track events of the west.

The program for both harness and running horse events was changed and numerous additions made. Higher prizes were posted at most spots along the line.

For harness horses, a new method of handicapping by distance was

California Ponders Problem of Destitute Migrants

Driven from their homes in the Midwest by dust storms and crop failures, the herds of transient farm families in the San Joaquin and Sacramento Valleys are presenting increasingly serious problems to health authorities, social welfare and relief agencies in California. Homeless and faced with hunger after recent floods in the area, the mother and her young brood shown above at left are being fed in a large relief camp near Madera. At right is Albert Earhart, a leathery Texan, typical of the victims of flood and the scarcity of work during slack seasons for field crops.

scheduled for introduction in California during fair week. The 2:15 class trotters or pacers will start at scratch, the 2:13's will be back 40 feet, with the rest of the field getting away 80 feet behind the usual starting mark.

With the entries taking off from a standing start, boresome finish scoring will be eliminated, it was forecast, and the home stretch battles should be closer.

Last year's daily top prize of \$400 has been raised to \$900. Total awards for the meet, amounting to \$39,000 in 1937, will be \$44,100 this season.

The big money event—Inaugural handicap with \$1,000 added, Governor's handicap for \$1,500 extra and the President's futurity for California bred two year olds with \$1,000 added—remain on the bill as top drawing cards.

Muckler declared he had been assured a bigger and better field will be on hand. He planned to add more daily races to the program, probably starting festivities at 1 p. m. instead of 1:30.

ATTACKS ON MILK LAWS REBUKED AT MEETING OF PRODUCERS' GROUPS

SACRAMENTO, Mar. 17.—(UP)—Attacks on the Desmond and Young milk control laws, which gave the state department of agriculture the power to regulate milk prices, were rebuked when 22 delegates from the various producers' associations met in Sacramento.

Assemblyman Ellis Patterson of King City and Assemblyman Samuel Yorty of Los Angeles introduced five resolutions in the special session of the legislature asking investigation of administration of the control acts.

The assemblymen charged that "prices to consumers of fluid milk have been unjustifiably raised" and that net returns to producers "under price fixing regulations is far below normal."

At their meeting, the organization representatives demanded the acts be given a fair trial.

A resolution was adopted declaring that those present had confidence in A. A. Brock, director of agriculture, in his administration of the milk control acts and that he had "rigidly followed the standards set forth in the act."

"Brock has caused a competent neutral public agency, the Glanville foundation of the University of California, to ascertain and assemble the facts pertaining to the costs of production," the resolution stated, "and has then merely reduced these facts to certain findings which are the basis of his orders."

NIGHT SPEEDING IS SCORED BY CHIEF OF HIGHWAY BODY

SACRAMENTO, Mar. 17.—(UP)—Night time no longer will be the time for speeding in California if

a plan for a definite after dusk speed limit, suggested by Chief E. Raymond Cato of the California highway patrol, is approved by the state legislature.

"The actual limit will be up to the committee," Cato declared. "I do think that it should not be above 50 miles an hour at any time. However, a motorist going 40 miles an hour could be in violation of the law if conditions at the time were hazardous."

His recommendation, made on the basis of scientific investigation of driving hazards, also called for continued regulation of daytime driving under the present state limit of 43 miles an hour.

"Be cause there is no method of actually determining to an exact degree the speed of a car, we have been allowing a limit of 50 miles an hour under ordinary conditions," the patrol chief continued. "However, it is technically possible for a driver to be within the law when driving faster, if he can prove the road, atmospheric and traffic conditions are perfect—which is pretty

hard."

Explaining his suggestion and the investigations which prompted them, Cato said:

"Definitely established hazards of the nighttime prompt a demand that we establish very definite speed control if we are to carry out our public trust of protecting life and property on the highway."

"Experiments have proved that average automobile lights are inadequate to overcome all hazards of darkness unless they are of a type which would blind oncoming motorists, and the lights of this type, of course, cannot be permitted."

"With restricted vision it is only good judgment to realize that the competency of all drivers is reduced in the nighttime."

"There is a tendency on the part of many motorists to drive more rapidly at night than in daytime because of a feeling that they have a more open highway. They do not recognize the new hazards created by the darkness."

"Our records show that a majority of our major accidents occur at

259 AGED IN NEVADA COUNTY RECEIVING PENSION FROM STATE

SACRAMENTO, Mar. 17.—(UP)—Old age pensions in California between August 31, 1937, when the old statute was in effect, and March 1, 1938, after the liberalization law had been in force six months, showed an increase of 22,431 cases, the state public welfare department reported.

In Nevada County there were 359 individuals receiving aid on February 28, 1938. In the same county on August 31, 1937, pensions were being paid to 218 persons, an increase of 141 cases.

Governor Frank F. Merriam, in addition to his agenda for the special legislative session, recommended that a \$6,000,000 appropriation be made with which the state could lift some of the burden borne by the counties.

Several county officials have complained, despite the fact the federal government already pays half the costs and the state one-quarter, the burden of old age pensions is bankrupting them.

On February 28 of this year more than one-third of the 104,212 old age pension cases were in Los Angeles county, where 38,747 persons were receiving aid with 11,412 cases pending. On August 31, 1937, there were 32,005 cases in Los Angeles county.

Second highest county total on February 28 was reported from San Francisco, where there were as estimated 8,000 individuals receiving aid and 760 cases pending. Six months before, San Francisco old age pension cases totaled 6,180, with 761 awaiting approval.

STATE'S REVOLVING FUND REPLENISHED WITH BONDS

SACRAMENTO, Mar. 17.—(UP)—The state's general cash revolving fund was replenished by \$1,045,819.80 when State Controller Harry B. Riley sold a series of registered warrants to the Wells Fargo Bank and Union Trust Company of San Francisco.

Price paid on the warrants, to be called for payment on August 3, 1938, was par value plus a premium of \$1,083.43.

Price paid on the warrants, to be called for payment on August 3, 1938, was par value plus a premium of \$1,083.43.

night and many of them are caused by minor accidents which could have been avoided if drivers had the benefits of daytime light. Livestock wandering in the highway and fallen limbs often cause serious accidents at night.

The Standard Tudor Sedan

The Ford effort to make your dollars buy a constantly better car is well illustrated in the Standard Ford V-8.

It has all the basic Ford advantages. It is built on the same chassis as the De Luxe Ford V-8. It gives you a choice of smooth 85-horsepower or 60-horsepower V-8 engines. But it sells at low prices, and includes bumpers, spare tire, cigar lighter, twin horns and other equip-

ment that make it a still bigger bargain.

With the thrifty 60-horsepower engine, the Standard Ford V-8 is priced especially low and gives the greatest gas mileage in Ford history. Hundreds of owners report averages of 22 to 27 miles a gallon—or even more.

Your pocketbook will approve of the Standard Ford in every way. And so will you when you drive it!

stage a fight on a bill passed by the assembly which Olson asserted favored the large interests.

The issue, an old and tiresome story to many California legislators, revolves about the efforts to secure for the state protection of its interests in the rich undersea pools.

At Huntington Beach and Wilmington, California is already known to have lost thousands of dollars in royalties, through tapping of its pools by slantwise drilling from the uplands.

Beset with demands for flood relief appropriations, Governor Merriam informed the legislature the state will complete the fiscal year with a deficit of approximately \$10,000,000.

Provided revenues do not fall off, however, Merriam predicted the treasury would show a surplus of more than \$4,000,000 on July 1, 1939.

One thing most everyone, lobbyists and legislators alike, agreed upon:

A NEW-WORLD WESTMINSTER

THIS stately building is the National Pantheon in Caracas, capital of Venezuela which is on the itinerary of the weekly cruises to the Caribbean. The building was formerly a church but is now a national shrine sheltering the tombs of several of the heroes of Venezuelan war for independence.

The place of honor, of course, was given to Simon Antonio de la Santissima Bolivar—the native son who played the chief role in freeing South America from the hand of Spain. His tomb rests under the central cupola and is marked by a marble monument done by the Italian sculptor Tenerani. The body of the great patriot is here entombed, but his heart is buried in Manta where he died.

Another interesting tomb is that of Francisco de Miranda, who was leader of several early and unsuccessful attempts on the part of Venezuela to gain independence. He was finally betrayed into the hands of the Spaniards, taken prisoner and after years of captivity died in a far-away dungeon. His tomb in the Pantheon is left open as if waiting to receive his remains—Venezuela's tribute to one of her greatest heroes.

there will be no second special session this year.

In fact, several senators, disgruntled at the assembly's indifference to the program set before them, seriously advocated walking out on the whole proceedings.

APPLICATIONS MADE FOR WATER FROM LITTLE TRUCKEE

Final applications to appropriate 60,000 feet of water each year for storage in the Boca reservoir, under construction, has been made by the Washoe County Water Conservation district.

Written protests may be filed with the California State engineer within 60 days from that date. The applications are subject to existing rights.

One application is for diversion of 40,850 feet of the unapportioned waters of the Little Truckee water shed into the Boca reservoir between October 1 and July 1, and the other application is for storage in the reservoir of 19,150 acre feet of water from January 1 to December 31 each year.

ALL CARS WITHOUT 1938 PLATES WILL BE STOPPED BY STATE PATROLMEN

SACRAMENTO, Mar. 17.—(UP)—After March 15, all California automobiles not equipped with 1938 license plates will be stopped by the state highway patrol, the department of motor vehicles warned.

Unless drivers are able to prove they have applied for the new license they are subject to citation.

"Considered as proof of application" officials said, "will be a post office or express money order receipt, a check stub, cancelled check, automobile club receipt, official receipt of the highway patrol or division of registration office or some communication from the division of registration regarding the vehicle being operated."

Department authorities explained that in some cases where new plates have not been received the delay was due to incorrect address on registration certificates, change of address after applying for renewal of the license, application involving transfer and improper fees or additional papers for clearance of non-resident cars.

NORDEN NEWS

The sudden and untimely passing of one of this community's best loved residents was a shock to the many friends and acquaintances of Arthur D. Chloupek, who passed away in the vicinity of Crystal Lake on the morning of March 12th while a conductor on Southern Pacific passenger train No. 210. The whole community mourns the loss of a beloved friend to all that had the pleasure of knowing him and deepest sympathy is extended to his family and friends.

Frank Van Guelder of Tunnel 6 was called unexpectedly to his home in Sacramento because of the death of his father who passed away last Friday. His many friends join in extending deepest sympathy to all his relatives and friends.

A new storm has settled over the Sierras this week end adding to the snow depth but slightly owing to the temperature keeping the snow from becoming rain although a foot of new snow is on the ground Saturday night with more storm in prospect and a low barometer. Should the temperature drop a few degrees more snow will be in the offing much to the surprise and satisfaction of many snow enthusiasts arriving for the snow sports.

John Ellis has completed his ski tow above Lake Mary and to the south a few hundred feet of Vanderford's Ski Lodge and it will prove a boon to the many folks that would otherwise be compelled to make long detours to cover that course that is complete in a few minutes and the down hill ride is really enjoyable on account of the slopes being from one to two thousand feet in length. Many persons have expressed their delight over this improvement something that is new hereabouts.

Several Norden residents plan on a lodge night in Truckee next Thursday evening, weather permitting.

Norden residents were sorry to learn of the passing of Conductor Robert "Bob" Russell in Sacramento last Friday.

The home of Chester A. Rowe of Norden is filled with relatives and friends from the valley over the week end.

Carl Nelson of Tunnel 6 has taken a few days off to view the destruction and floods in southern California especially in and about Los Angeles.

Back From Nevada City—

Mr. and Mrs. Frank A. Wilson returned home from Nevada City Sunday and returned to the county seat where Wilson is engaged in timber cruising on Monday.

Weekend in Sparks—

Mr. and Mrs. Leroy Wilson and family spent the weekend in Sparks where they visited relatives.

Ski In For Provisions—

Last Saturday four residents of Hobart Mills skied into Truckee for fresh provisions. J. B. Clark was accompanied by A. Piller, Joe Lemby and Mrs. L. Cavallo. After getting fresh meat and supplies they all returned on the same day with the exception of Mrs. Cavallo who remained to attend the dance. She returned to Hobart Mills Monday.

Deleker Mill to Open Soon—

T. K. Oliver, former resident manager of the Hobart Estate Company at Hobart Mills reports that the Feather River Lumber Company at Deleker, where he is now employed as general manager, is starting the sawmill about March 17. There has been too much snow to permit logging but they will operate one shift from the deck of approximately seven million board feet of logs that were docked last fall and this will keep them busy until logging can be resumed in about a month.

CITY NEWS IN BRIEF

Things You and Your Friends Do

Returns Home—

On Saturday afternoon Supervisor Alex Robertson returned to his home in Hobart Mills from Truckee.

In Sacramento—

C. P. Goode of the Standard Auto Service visited in Sacramento this week. He took two of his horses that had been in the Reno district this winter.

Visiting Here—

Cecil Goode of Sacramento is visiting for a few days at the home of his brother, C. P. Goode.

FOR SALE— 7-foot Northland jumping skis with bindings. \$10.50. See John Thornton, Ford Dealer.

Make Ski Trip—

On Tuesday Mrs. H. E. Canady and son Robert Canady, skied into Truckee from Hobart Mills. Mrs. Canady planning to attend lodge.

Escape Floods—

The Frank Brummonds who have been visiting in Santa Ana with relatives write friends that they were not molested by the recent floods in that district and that they are enjoying mild weather.

Back from Hospital—

Mrs. E. H. Hommon, who recently underwent a major operation in the Sutter Hospital in Sacramento, was scheduled to arrive home yesterday. She is much improved in health, but must continue medical treatment for some time.

Ill at Home—

Mrs. Charles Pierce has been ill at her home for several days.

Influenza Victim—

Mrs. Charles B. White was confined to her home early this week with an attack of influenza.

Leave on Vacation—

Mr. and Mrs. Robert Tonini are planning to leave this week for a vacation trip to San Francisco and San Luis Obispo.

Visitor Ill Here—

Warren Davison of Colusa, who came here recently to return home with Mrs. Davison and their twin daughters, is confined with an attack of influenza at the home of Dr. and Mrs. J. H. Bernard. The visitors will be unable to leave until Davison is recovered.

From Roseville—

Lilio Guidi of Roseville visited with local friends over the weekend.

Thornton Recovers—

John Thornton, local Ford dealer, who was confined to his home in Reno last week has sufficiently recovered to resume his business here.

Campbell Guests—

Miss Katherine Cleuston, niece of Mrs. E. J. Campbell as a weekend visitor here from Oakland. Roy Bailey of the bay city also was a guest at the Campbell home.

Attends Meet—

C. Edmunds of Truckee Friday attended a meeting of the state chamber of commerce in Sacramento. He was accompanied by Mrs. Edmunds, who visited in the capital city.

CLASSIFIED ADS

PHOTO WORK— of all kinds, developing, printing, enlarging. See Ben Winslow at Sierra Snap Shot Shop, Sierra Sun Building.

At Bank—

Vernon Nelson of Arbuckle is a new employee of the local branch of the Bank of America. Prior to his residence in the valley, Nelson came from Nebraska.

MRS. ROOSEVELT TO SPEAK IN SACRAMENTO SATURDAY

SACRAMENTO, Mar. 17.—(UP)—Mrs. Eleanor Roosevelt, wife of the president of the United States will speak in Sacramento Saturday, under the sponsorship of the local American Legion post.

Mrs. Roosevelt, who will be greeted by Mrs. Frank F. Merriam, wife of California's governor, will come here after speaking in San Francisco and Los Angeles. She will discuss Peace in her talk in the Sacramento auditorium.

Ray Ingels of the California motor vehicle department declared, revealing sleeping drivers had caused five per cent of the state's highway accidents in 1937.

Dozing motorists were responsible for 1735 accidents during the year. The lives of 161 persons were lost in the wrecks.

Ingels explained that studies of the accidents showed most of the sleeping drivers were on long pleasure trips, attempting to push themselves beyond human endurance. A few motorists dozed off when carbon monoxide gas fumes leaked into the driving compartments from faulty exhaust pipes.
